The supervisors at Security & Safety are instructed to give hiring preference to students that are pursuing a degree in criminal justice, safety, and/or fire safety and have taken course work that is preparing them for a career in one of these areas after graduation. If we do not have enough applicants that meet the listed criteria, we will select candidates from the balance of the applications we have on file. We consistently have over 100 student employment applications at Security & Safety. It is customary for the hiring supervisor to call in several applicants for each position that is open. We are unable to contact or interview all applicants when there is an open position. We will hold employment applications for one semester. During that time, if an interview is needed, you may be contacted.
